(“Przemiany społeczne w Polsce” – „Social Transformations in Poland”)

English translation of the questionnaire

Please tell me which of these descriptions fits this job?

INSTRUCTION: After determining the number of job (**A04** or **A06**), fill in the appropriate number in the **JOB TABLES**. During the filling in the tables it may turn out that **R.** has more/less jobs than he has previously declared. In such a case, the answers to the questions **A04** or **A06** have to be corrected, corresponding to the number of those filled in tables. Question **A14-N** (when **N** corresponds to the number of jobs) has to be asked in an appropriate version till all the jobs exhaust (occurrence of the answer “no” at the end of a given table).

Below there are twelve pairs of antagonistic/contrasting features. Below each pair there is an eleven-point scale showing whether we are getting nearer the feature on the left or on the right hand side. Taking into account your feelings, on each scale please indicate the point where

- Poland was 5 years ago, i.e. in 1988 (mark with letter T)
- Poland is currently situated (mark with letter Q)
- Poland will be in 5 years (mark with letter Z)

Poverty of population	prosperity of population
Possibility of unemployment	job security
Efficient governance	inefficient governance
National consensus	social conflicts
Nationalisation of the economy	Privatisation of the economy
Corruption of the ruling power/government	honesty of the ruling power/government
Political freedom	political repressions
Social order	social anarchy
Economic market	centrally planned economy
Free elections	imposed power
Exploitation of working people	independent treatment of working people
Rule of law	lawlessness

And now please underline six features you consider to be of utmost importance for the favourable development of Poland.
